INDUSTRY LEADER IN COMMERCIAL ROOF INSTALLATION

[TOTAL ROOF REPLACEMENTS]

Whether it is a scheduled CapEx project or a loss due to a weather-related event, Cotton Roofing has the experience and capacity to complete any roof replacement project. Putting a new roof on a business is a big, often complex job, and you can rest assured it'll be done right when partnering with us.

[LICENSED INSTALLATION]

- | | | | |
|--------|--------------------|-----------------|-----------------------|
| + TPO | + PVC | + Standing Seam | + Single-Ply Retrofit |
| + EPDM | + Modified Bitumen | + R-Panel | + Metal Hugger System |
| | | + Shingles | + Roof Coatings |

[INSURANCE LOSS EVALUATIONS]

Cotton Roofing's goal is to restore every building to its pre-loss condition. Our team has the industry experience and expertise needed to develop a detailed and accurate scope of work, which will include all damages associated with a loss. Our 3-step process to recovery helps get you back in business quickly:

- 1. Free Damage Evaluation** - A roofing expert will inspect your roof for damage.
- 2. Navigating the Restoration Process** - We will provide a detailed scope of work and communicate to the owner and insurance carrier the amount of damage and the appropriate replacement and cost.
- 3. Total Roof Replacement** - Once the scope is approved, we will begin replacing the roof.

When disaster strikes and your roof is impacted, an immediate response is necessary to minimize damage and safeguard assets. With highly trained personnel on-call and ready to act, Cotton Roofing is a trusted emergency commercial roof repair partner.
