V.2026.1

AT **COTTON ROOFING**, WE
UNDERSTAND THE IMPORTANCE
OF **STRUCTURAL INTEGRITY**
AND THE VALUE OF CONTRACT
RELATIONSHIPS **BUILT ON TRUST.**

Cotton Roofing is a full-service commercial roofing company specializing in emergency roof services, commercial building storm damage as well as day-to-day wear and tear and general roofing services. We are certified and approved in the application of a variety of commercial roofing systems. Whether it's a failing roof system or the result of a fire, severe weather event or disaster, it is vital that the integrity of a roof structure be restored as quickly as possible to minimize the risk of further property damage.

We operate and are licensed across the nation, serving a diverse group of clients from large management companies to individual and corporate property owners. We are dedicated to making your roofing project experience a successful one by providing outstanding service and ensuring timely completions.

KEY SERVICES

[ROOF SYSTEMS]

Cotton Roofing specializes in roof systems such as TPO, EPDM, PVC, BUR (APP & SBA), modified bitumen, metal/architecture metal, various types of composition shingle, clay and concrete tile. Our roofing consultants will work closely with you to determine the right roofing system with the best roofing product.

[GENERAL CONTRACTING]

Cotton Roofing is able to provide timely and accurate estimates by working closely with our core group of vetted subcontractors. General contracting services include managing the design team, permitting, construction management and commissioning of the project. We oversee all projects for quality control and cost effectiveness, while maintaining a safe work environment.

[INSURANCE LOSS ESTIMATIONS]

Our goal is to reconstruct every building to its pre-loss condition. The Cotton Roofing team has the industry experience and expertise needed to develop a detailed and accurate scope of work, which includes all damages associated with a loss. We will communicate to your insurance carrier the amount of damage to your building, the appropriate replacement and the reasonable cost of replacement.

INDUSTRIES SERVED

With over 1,600 projects under our belt, Cotton Roofing has met and exceeded every challenge faced. We strive to make safety our top priority and every site adheres to strict safety guidelines. We understand the unique circumstances that face different markets and can provide expertise on solutions that best fit your needs.
